LOCAL PRESENCE, GLOBAL REACH

With offices located in the four leading port cities in Nigeria, we are able to provide seamless and efficient maritime services to meet the requirements of our numerous clients. Our strong local presence is enhanced by a worldwide network of offices as part of the Africamar Group.

OUR TEAM

We have carefully selected and invested in a team of expert operators and experienced staff that enables the company to deliver top quality services efficiently.

INFRASTRUCTURE

To support our services, we have invested in various tools in order to ensure safe and efficient delivery of shipping services. Both human and technological infrastructure are continually renewed and developed.

We are constantly challenged by the need to meet up with the ever changing regulations in the international maritime industry. We continue to remain environmentally friendly in our operations. We are also investing in modern communications, linked to database technology in order to increase and assure continuous cost reduction in operations. With our skilled and well trained team, we continue to deliver a world of trust.

MARKET LEADER

We are arguably one of the fastest growing maritime services company in West Africa. We have been able to successfully build a loyal clientele base of reputable companies whom we now regard as partners.

A STABLE PARTNER

We have a long term outlook and approach to our business. We endeavour to identify and implement optimal solutions to problems in order to sustain a stable partnership with clients. Our vision is to continue to be driven by keen minds and daring enterprise. All appropriate skills will continue to be carefully cultivated and encouraged at **Tiger Shipping** to secure the future.
